Description

The all-in explorer

Saxdor 205 is the revamped version of the 200 model. Playful like its older sibling, the 205 is also more suitable for family use thanks to its genius layout and options. It’s a safe yet fun day cruiser for an active lifestyle.

DELIVERING AN EXEPTIONAL DRIVE

The Saxdor 205 inherits the same award-winning hull design as its predecessor, the Saxdor 200. This advanced, sharp entry twin-stepped hull ensures a smooth ride and exceptional grip, perfectly complemented by a selection of single Mercury outboard engines.

Engineered to excel in all conditions, the Saxdor 205 transitions seamlessly from a light and agile vessel in tranquil waters to a resilient and powerful performer when facing rough seas. Its thoughtfully designed and constructed vacuum-infused hull results in superior performance and enhanced fuel efficiency.
