The Saxdor 400 GTC stands out with its innovative main deck design. Like its sibling, the GTO, it features a wheelhouse that spans the full beam. However, the GTC takes luxury a step further with its vast, insulated glazing. This architectural masterpiece bathes the interior in natural light and warmth while shielding you from the whims of weather. A serene, bright space where you can relish the

beauty of the seas without compromise.

Externally, the expansive lateral terraces offer abundant room, creating an ideal setting for our modular furniture to unfold in elegance. These terraces, combined with the unique wing design, enhance guest mobility, aspiring to the freedom of a private island.

The Saxdor 400 GTC is more than just a boat; it's a statement of style and sophistication. Every aspect has been carefully designed to please the eye and elevate the boating experience, making every journey aboard the Saxdor 400 GTC a moment to cherish.
