Power (HP):	600hp-800hp

Description

SUPER-SPACIOUS 40-FOOTER

The new Saxdor 400 range will provide far more space and versatility than you would tend to expect of a 40-footer. In addition to all that user-friendly day space, there's a forward double cabin and separate bathroom, each with standing headroom of more than 6ft

The Saxdor 400 GTO is a highly anticipated flagship model that embodies exceptional performance and cruising efficiency. Built on a twin-stepped hull and designed for twin outboard rigs, the Saxdor 400 GTO promises an outstanding on-water experience.

The open wheelhouse extends to the full beam of the boat, maximising internal living space and offering direct access to side terraces, a unique design feature that enhances the functionality of the balconies and creating a private island experience while at rest.

The lower deck accommodates a spacious forward double cabin, a separate bathroom, an option for a kids' cabin and an amidships double cabin.

All of it executed with impeccable design and a sense of style, making it such a pleasure for the eye.
